

# Energivit

A protein free powder containing CHO, fat, vitamins, minerals and trace elements.

## Features

- 492 kcal/100g
- 95% LCT oil
- Protein Free
- Fibre Free
- CHO 66.7 g/100 g
- Fat 25 g/100 g

## Indications

- For the dietary management of infants and children who require additional energy, vitamins, minerals and trace elements or who are following a restricted protein diet.
- Energivit can be used in conjunction with specific amino acid mixtures to provide a formula individually tailored to meet the patient's specific needs. It can also be used as a convenient protein-free feed in the short-term, for example as an emergency regimen

## Ordering Information

Energivit	Nappi Code	Units per carton
400g tin	706098001	6

## Precautions

- Not intended for use as the sole source of nutrition
- Use under strict medical supervision

## Contraindications

- Not for intravenous use

## Age restrictions

- None
- Suitable from birth

## Important Notice

- Energivit must be supplemented with a suitable nitrogen source if intended for use as a sole source of nutrition

## Directions for Use

- Handle aseptically to ensure product remains sterile.
- The recommended feed concentration is 15% w/v i.e. 15g Energivit (3 level scoops) made up to 100ml
- Energivit can be made up as a tube feed or bottle feed by adding the prescribed amount of powder to the water and stirring vigorously

## Storage

- Store can in a cool, dry place
- Always replace the container lid after use
- Once can is opened, use within one month
- Unopened shelf life is 18 months

A food for special medical purposes; must be used under strict medical supervision
