

Nutrison Advanced Peptisorb

A ready-to-use, 100% whey-based, low fat, semi-elemental, nutritionally complete, short chain peptide based, enteral tube feed

Features

- 82% short chain peptides from hydrolysed whey protein and 18% free amino acids for optimal protein absorption from the gut and minimal bowel residue
- Enriched with carotenoids reflecting general health recommendations for its antioxidant properties and positive effect on immune function
- Low fat content with 47% of fat content from medium chain triglycerides (MCT) for easier fat absorption in patients with malabsorption
- Fibre & Gluten free
- Taurine & Choline enriched

Indications

For the dietary management of:

- Disease related malnutrition with severe impairment of digestion and/or absorption -
 - Critically Ill
 - Short bowel syndrome
 - Fistulae
 - Pancreatitis
 - Inflammatory bowel disease
 - Radiation enteritis
 - HIV gastric disorders
 - Wean TPN to enteral

Precautions

Nutrison Advanced Peptisorb is not suitable for the following:

- Patients with Galactosemia

Contraindications

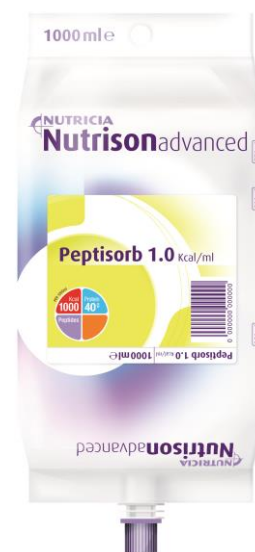

- Gastrointestinal failure
- Complete intestinal failure
- Major intra-abdominal sepsis

Age restrictions

- Not suitable for infants under 1 year of age
- Use with caution in children aged 1-6 years

Important Notice

- Not for parenteral use

Ordering Information

Nutrison Advanced Peptisorb	Nappi Code	Units per carton
1000 ml pack	840181019	8

Directions for Use

- Use at room temperature
- Shake well before use
- Handle aseptically to ensure product remains sterile
- Usage to be determined by a healthcare professional

Storage

- Store in a cool, dry place
- Once opened, store in the refrigerator
- Discard unused content after 24 hours

A food for special medical purposes; to be used under strict medical supervision.
