

# PKU Anamix Infant

A phenylalanine-free powdered formula, supplemented with long chain polyunsaturated fatty acids (LCPs) and prebiotics

## Features

- 0.7kcal/ml (15% w/v concentration)
- 2g protein equivalent per 100ml (15% w/v)
- Contains LCPs to help support brain and visual development
- Contains prebiotics to help support infants' natural immune system
- Contains other essential and non-essential amino acids, carbohydrate, fat, vitamins, minerals and trace elements
- Unflavoured

## Indications

- For the dietary management of proven Phenylketonuria (PKU)

## Precautions

- Not suitable for metabolic disorders other than PKU or as a supplement for individuals who do not have PKU
- Use under strict medical supervision

## Contraindications

- Not for intravenous use

## Age restrictions

- Suitable for infants under 1 year of age
- Can be used as a supplementary feed for children 1 to 3 years

## Important Notice

- This product must be given in conjunction with a source of protein e.g. breast milk or proprietary infant formula to supply the phenylalanine, fluid and general nutrition requirements of the infant in quantities as prescribed by a clinician or dietitian
- Not suitable for use as a sole source of nutrition

## Ordering Information

PKU Anamix Infant	Presentation	Code	Units per carton
Unflavoured	400g tin	710648001	3

## Directions for Use

- The quantity of feed should be determined by a clinician or dietitian only and is dependent on the age, bodyweight and medical condition of the patient
- Follow preparation instructions as stated on the can
- Each level scoop (5g) of PKU Anamix Infant requires 30ml of water to yield the recommended feed concentration (15% w/v). A lower concentration may initially be required until recommended concentration is tolerated

## Storage

- Store can in a cool, dry place
- Always replace the container lid after use
- Once can is opened, use within two weeks
- Unopened shelf life is 18 months

A food for special medical purposes; to be used under strict medical supervision.
