

XP Maxamaid (Unflavoured)

A cream coloured powder free from phenylalanine but containing a balanced mixture of the other essential and non-essential amino acids, carbohydrate, vitamins, minerals and trace elements

Features

- Phenylalanine Free
- 309 kcal/100g
- Fibre Free
- Protein 25g/100g
- Unflavoured

Indications

- For the dietary management of proven phenylketonuria (PKU)

Precautions

- Not suitable for metabolic disorders other than PKU, or as a supplement for individuals who do not have PKU
- Use under strict medical supervision

Contraindications

- Not for intravenous use

Age restrictions

- Suitable from 1 to 8 years old
- Not suitable for infants under 1 year of age

Important Notice

- Not intended for use as a sole source of nutrition

Ordering Information

XP Maxamaid	Presentation	Code	Units per carton
Unflavoured	500g tin	710650001	6

Directions for use

- The recommended dosage of XP Maxamaid (Unflavoured) is dependent on the age, bodyweight and medical condition of the patient and should be determined by a clinician or dietitian only
- This product must be supplemented with natural protein and other nutrients in medically prescribed quantities to supply the phenylalanine and general nutrition requirements of the patient
- Initially, a 1 to 7 dilution is recommended (i.e.. 100g XP Maxamaid (Unflavoured) plus 700mls of water) with the concentration increasing to 1 to 5 (i.e.. 100g XP Maxamaid (Unflavoured) plus 500mls water), with increasing tolerance.

Storage

- Store can in a cool, dry place
- Always replace the container lid after use
- Once can is opened, use within one month
- Unopened shelf life is 18 months

A food for special medical purposes; to be used under strict medical supervision.
